

This training is hosted by
The City of Temecula,
CAL FIRE and Riverside
County Fire Department –
Office of Emergency Services.

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.

CERT using the blanket carry to transport victim to treatment area

CERT training is a commitment of 20 hours of training. There is no cost for the training. Only those who successfully complete the practical exercise with hands-on instruction in fire suppression, search and rescue, cribbing and medical will receive a certificate of completion.
